

# Saturday Morning Archery

( Continuing Archery Skills )

Saturday morning archery is a casual and on going class that is perfect for anyone who has completed the beginning class or has been shooting awhile and needs to brush up on existing skills. These classes are definitely for those who have their own equipment but I will provide equipment for those who have not yet purchased a bow.

This class will continue to focus on safety and technique but will also include archery games to keep the sport fun, as well as introducing competition archery, and bowhunting, allowing the student to explore the wide range of archery activities available and decide what suits them best.

Days and Times: Saturday's beginning September 1st from 9am - 10am

Location: Screaming Eagle Archery  
210 E. Park Ave, Wasilla 99654

Cost: \$25 per student per week

This is a very casual class and does not require you to sign up. Just show up at the correct day and time and take as many or as few classes as you like.

For more information about these classes call me or text me at 907-354-0377 or feel free to email me at [bearpawarchery@gmail.com](mailto:bearpawarchery@gmail.com).
